

## PREDICTIONS FOR 2015 AND BEYOND

As many of you know I 'channel' a spiritual group that calls themselves THEY. I have been in communication with THEY for many years. However, THEY didn't actually identify themselves as such until I started to push hard for a name. I wanted a name of the 'person' I was channeling. This was in the early 1990's. THEY find it quite humorous that we get so hung up on naming the Who's Who of the spiritual world, and finally gave me this; they were to be called THEY.

I was surprised to find out that I wasn't channeling a single entity, but a whole group of ascended masters and teachers. The group that is called THEY (for our human purposes) size often ebbs and flows; I sense that the group isn't always the same number, while always being just as powerful. THEY have such a bright light that it would hurt my human eyes to try to look at them. I only 'see' them with what I call my 'inside eyes'. While in meditation, I usually meet up with them at pretty much the same place of undefined location. This place usually consists of a circle of good sized stones that one can sit on. While sounding very uncomfortable to sit on a stone, I have never felt any unease of any sort. Of course, it is not my human form that is doing the sitting!

I have also found THEY to be so loving, so supportive, so encompassing in who and what THEY are, that I am always in joy to be in their presence, even if for a little while. I also have found without exception that THEY have a wonderful sense of humor, which I experience with them often.

Now, about the predictions. THEY have given me a stream of predictions over the years, that I think without failing, have been spot on accurate. A prediction given will often take place just a few hours or days after being given. The longest I can remember is a few months. Many of these predictions are in print on my web page, and have gone out in messages to those who have asked for them. Many were also made into You Tube messages on my personal You Tube channel. The predictions are ALWAYS mixed in with the messages that are meant to uplift us and bring us out of the dark and into the LIGHT. The messages are almost like classes that no one is required to attend, yet you will surely benefit if you choose to do so.

I am not privileged to know their advance plans at any given time; I can only say by experience that this is the way THEY have always given their predictions. This may change. I have a *personal opinion* about the predictions in that this may be the way that THEY are proving authenticity to others by their accuracy. I have felt that the predictions as such are not as important, in their view, as the lessons that are presented.

All this said, my web page is in the process of being redone, and these messages from THEY will have a more predominant and easier to locate spot on the page for all those who are interested. The majority of the messages were given after a Course In Miracles class, with someone recording them while they were being given. The same person then went home and scribed them into a written message for all to be available to read. As I said, there is a list of persons that have asked to be part of the mailing list when these messages are given. Should you wish to be on this personal mailing list (the fastest way to get these messages in a timely fashion, I might add) then please contact me at [CAT9201@aol.com](mailto:CAT9201@aol.com) with the subject line saying: Please add me to the THEY mailing list.

Thank you. In light, Aynne McAvoy
