Aynne has taken us to the depth of spirit with her book. She reveals THEY and how they speak so eloquently through her voice.

I was so uplifted and enlightened and especially encouraged through the messages given. I found great comfort

and peace in reading her words. I especially loved "Penn Central Angels".

Aynne is a high school friend. Reading her book showed me a whole new wonderful side of her. Her well-written personal story resonated with me and I recommend it to all those folks who has had their own experiences with THEY, the angels and guides who help us all.
