

Now available! Printed full natal birth wheel chart with printed report of Personal Path natal interpretations (averaging 20-30 pages.) This full report will describe the very heart of the individual! These two items are available for \$25.00, payable by Visa, Mastercharge or pay pal. There is an additional option of the Part of Fortune interpretation as it falls in your natal chart, for an additional \$10.00. The Part of Fortune is a 'sensitive part' of your chart, and indicates where your best successes in this lifetime will fall. Should you wish to pick your chart up at my office, or have it sent to you via email, there is no extra charge. Should you wish your chart mailed via US Mail, an additional \$5.00 would apply.

\*Time of birth can often be discovered on a birth certificate, baby book or by talking to a family member.
